Main scriptures

Read 2 Timothy 3:16 – do we think this? What are some of the things that we struggle with when dealing with scriptures like Acts 5?

Read Acts 5

The preach talked about motives and masks. Here are some suggested questions that could be explored in LGs.

- Why are motives important?
- Can we do the right things for the wrong reasons?
- What are some of the roles that we play in our lives? And do we think there is a certain element of appearance involved in these?
- What are some of the reasons of why someone may want to wear a mask?
- How do we live an authentic life?
- What are some of the signs of an 'authentic' Christian?
- How do we ensure that we are walking closely with God and guarding our thoughts, so we don't conform to this world? Some of the things that Stuart said were seeking meaningful fellowship with other believers, making yourself accountable to one or two believers you trust.
- Reflection – is there currently anyone in your life who you can go to and be real with? What may be holding you back?
